K1 BLUE LIGHT E-PHONE

PRODUCT SHEET

Engineered to be a robust, completely wireless solution, the K1 Blue Light E-Phone is ideal for applications where communications must be mounted on a wall or post in areas such as parking lots and garages, airports, transit stations and college campuses. The K1 Blue Light E-Phone is ideal for enhancing public security by providing clear voice-to-voice communication over a cellular network.

Key Features

- » Available in AC or Solar with battery back up to provide uninterrupted power.
- » Verizon® and AT&T® networked certified voice module
- » Clear Wireless Calling
- » Weather-proof, tamper-proof steel housing protects the system's internal electronics, ensuring reliability and safety to the caller when needed.
- » Highly visible blue LED light positioned near the top of the unit faceplate
- » Call location identifier
- » ADA-compliant
- » Includes CASE's exclusive, self-diagnostic, alarm monitoring system firmware called CASEAlert. The program provides system owners daily email reports on the operational status of their system.
- » Optional multi-button dialing

Additional Options

- » Mass Notification System
- » Faceplate Camera
